

Memorandum of Understanding
Between
The Institute of Electronics Engineers of Korea
and
The Software Defined Radio Forum

To encourage the exchange and dissemination of technical information, and to promote understanding and cooperation among the members of The Software Defined Radio Forum (SDR Forum) and The Institute of Electronics Engineers of Korea (IEEK), these organizations have entered into an agreement on the following matters:

1. MISSION OF THE PARTIES

The IEEK is an educational and scientific nonprofit organization. As such, all activities of the IEEK, including all activities in cooperation with the SDR Forum contemplated by this agreement, must be consistent with and must further IEEK's scientific and educational purposes and comply with all laws applicable to the IEEK.

The SDR Forum is a nonprofit international industry association. As such, all activities of the SDR Forum, including all activities in cooperation with IEEK contemplated by this agreement, must be consistent with and must further SDR Forum's purposes and comply with all laws applicable to the SDR Forum.

2. JOINT ACTIVITIES

The IEEK and SDR Forum may, subject to agreement on specific items, enter into joint projects, events, and products such as conferences, forums, publications, history, standards, educational materials, awards, etc. Joint activities devoted to preserving and sustaining the environment, teaching math and science to children, improving technology awareness in the general public, and improving the image of the members of both organizations and the profession, will also be explored.

The Technical Societies/Technical Councils of the IEEK and SDR Forum are encouraged to develop joint activities, based on additional individual agreements which will become supplements to this agreement.

3. COORDINATION OF TECHNICAL MEETINGS

To the extent practical, communication will take place when any part of the IEEK proposes to conduct a technical conference or event, or if the SDR Forum intends to hold a conference or event.

In addition, access to each organizations schedule of technical conferences and events shall be made available to the other party.

The IEEK will provide access to its list of technical conferences and events through an electronic database on the IEEK website (available at <http://www.ieek.or.kr/english>). Contact information for the conference or event chair is available to allow for potential partnering.

The SDR Forum will provide access to its list of technical conferences and events through an electronic database on the IEEK website (available at <http://www.sdrforum.org>). Contact information for the conference or event chair is available to allow for potential partnering.

4. PUBLICATIONS

Members of one organization may receive certain publications of the other organization at reduced rates. Such publications and rates shall be specified in a supplement to this agreement.

5. STANDARDS INFORMATION

The IEEK and SDR Forum may agree to exchange information on their respective standards activities, and may agree to encourage mutual participation in standards development.

6. MEMBERSHIP

To implement the cooperation between the IEEK and SDR Forum resulting from this agreement, it is desirable that members of each institution become members of both Institutions by granting special membership dues rates.

For the term of this agreement a 10% discount of the initial membership dues will be allowed on new SDR Forum and IEEK corporate membership.

7. REVIEW, AMENDMENT AND TERMINATION

Amendments to the agreement may be proposed at any time, but will not be valid until they have been approved by both the IEEK and SDR Forum.

Other cooperative agreements, which may be made in the future, shall be documented in a supplement to this agreement.

The term of this agreement shall be for a duration of two years, from _____ 2008 to _____ 2010, subject to termination by either party on three months notice in writing. Renewal is contingent upon approval by both institutions.
